G·SPEAK ULTRA)))

GSM-BASED INTERCOM SYSTEM

**G-SPEAK ULTRA
QUICK GUIDE**

1. Important Safety Instructions ⚠

1. Do not install this product near DOSS sensor inside gate motor housing or near the remote receiver.
2. Do not install this product near any sensitive electrical components.
3. All installation, repair, and service work to this product must be done by a suitably-qualified person.
4. Do not in any way modify the components of the system.
5. Do not install the equipment in an explosive atmosphere: the presence of flammable gas or fumes is a serious danger to safety.
6. Do not leave packing materials (plastic, polystyrene, etc.) within reach of children as such materials are potential sources of danger.
7. Dispose of all waste products like packing materials, according to local regulations.
8. Centurion Systems (Pty) Ltd does not accept any liability caused by improper use of the product, or for use other than that for which the automated system was intended.
9. This product was designed and built strictly for the use indicated in this documentation. Any other use, not expressly indicated here, could compromise the service life/operation of the product and/or be a source of danger.
10. Anything not expressly specified in these instructions is not permitted.

📋 This icon denotes variations and other aspects that should be considered during installation.

💡 This icon indicates tips and other information that could be useful during the installation.

2. Technical Specifications

Supply Voltage Range	11-24V DC
Maximum Current Draw	300mA @ 12V DC
Input/output Current Rating	50mA (Open Collector)
Input Sense Voltage Range	0-24V DC (0-1.6V Low-input State, 5V-24V High-input State)
Network Provider	**MTN - South Africa Only**
Number of Configurable Input/output Channels	4
Call Buttons on Calling Module	2
Call confirmation at Calling Module	Yes
Model Options	**GSM 2G:** 850/900/1800/1900MHz (EDGE) **GSM 3G:** 900/2100MHz (EDGE) 900/2100MHz (UMTS) **GSM 3G PENTA:** 800/850/900/1900/2100MHz (UMTS) **GSM 4G/LTE-CAT1:** 900/2100MHz
Degree of protection (G-SPEAK ULTRA)	IP40
Degree of protection (Calling Module)	IP52

Enter / Home

5. LCD Interface

Table 2 below lists the information shown on the different screens found on the LCD interface. The left and right scroll buttons are used to toggle between the different screens.

Home Screen
Network Name or Phone Number Applicable to Incoming / Outgoing SMS or Call.

📶	Network Signal Strength
🌐	Connected to Internet
(G)	Connected to G-WEB
⚠	Device has Error Condition
✉←	Incoming SMS
✉→	Outgoing SMS
📞	Incoming Phone Call Events
📞	Outgoing Phone Call Events

IO Status Screen

	Input: Deactivated ("E" = Input event reached)
	Input: Activated (pulled to ground) ("E" = Input event reached)
	Output: Off
	Output: On (pulling to ground)

Voltage/Firmware/Date & Time Screen
- Supply Voltage
- Firmware Version

- Date

Phone Number Screen
Device SIM Phone Number.

Airtime Balance Screen
Press Enter to Refresh Airtime Balance from Network Provider.

GSM Antenna Selected Screen
Internal GSM Antenna Selected (default).
External GSM Antenna Selected (connect own Antenna to SMA connector).
Press Enter to change between Internal and External Antennas.

Gate Status Screen
Gate Closed
Gate Opening
Gate Open
Gate Status Warning

SIM Screen
SIM PIN OK
SIM PIN Incorrect
SIM Error

IMEI Screen
Displays the device's IMEI number

Gate Station Voice Numbers
Displays the primary and secondary Voice Numbers allocated to their respective buttons

6. Configurations
6.1. Removing the Mounting Plate and Fascia

To access the terminal blocks of the G-SPEAK ULTRA, the back plate and fascia need to be removed. Follow the instructions below to do this.

6.1.1. Removing the Mounting Plate

Gently pull the two clips at the back backward to release the main G-SPEAK ULTRA unit, and lift the unit out of the mounting plate.

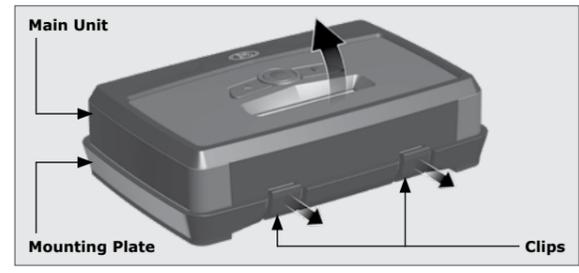

Main Unit
Mounting Plate
Clips
FIGURE 3

6.1.2. Removing the Fascia

The fascia can be removed by inserting the tips of one's fingers into the slots (as shown in Figures 4 and 5), and pulling outward and upward. The fascia should pop off without effort.

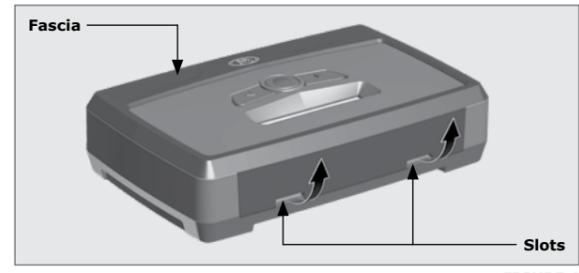

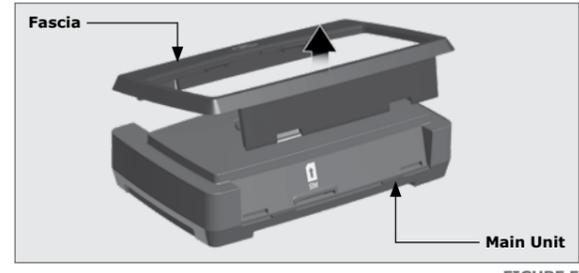

Fascia
Slots

### 6.4. Configuration of features

All features – both basic and advanced – can be easily, and remotely, configured via our G-WEB Mobile Phone App or our G-WEB Online Interface.

By simply logging on to the G-WEB App or G-WEB, one can add and delete users, specify text for input notifications and activations, modify device characteristics and many other features.

Download the G-WEB mobile App from your Smart Phone by navigating to the App store.

It would be necessary to register if you have not previously done so.

6.4.1. G-WEB Mobile App (Installers)

To download the G-WEB Mobile installer app, simply scan the QR code on your mobile device to be taken to the app in the applicable app store for your operating system. The G-WEB app gives you on-the-go access to a multitude of configuration and admin settings.

Get it on Google play

Download on the App Store

6.4.3. MyCentsys Remote Mobile App (Users)

Download the MyCentsys Remote mobile app now for free by scanning the QR code on your mobile device. MyCentsys Remote lets you remotely control your GSM devices from your phone and receive push notifications for systems that are being monitored.

YOUR MANUALS, BROCHURES AND OUR LATEST APPLICATIONS FOR THE ULTIMATE
SMΔRT EXPERIENCE

Control and monitor your ULTRA and SMART solutions from this mobile application

Easy and intuitive management of G-Speak ULTRA devices from app or web interface

SMART Documentation at your fingertips

GET IT ON Google play

Download on the App Store

EXPLORE IT ON AppGallery

There is no need to download a third party QR Scanner, as there is a QR Scanner that is built into the G-WEB Ultra Mobile App.

6.4.2. G-WEB Online (Installers)

Your CENTURION GSM devices can be remotely managed and configured using the G-WEB online interface. Navigate your Internet browser to http://www.gweb.co.za (or www.g-web.com.au for Australia and New Zealand) and login to your existing profile or, alternatively, register a new profile.
